Enterprise Technology Office

Document ID: POL-HR-015 | Version: 1.0 | Effective Date: 2026-01-01 | Classification: Internal

Field	Value
Company	Northstar Digital Services, Inc.
Document Owner	Human Resources and Information Security
Audience	Employees, contractors, managers, IT support, security, and finance teams
Purpose	Sample enterprise content for a Retrieval-Augmented Generation demo knowledge base
Review Cycle	Annual or upon major business, security, compliance, or system change

1. Purpose

This policy defines remote and hybrid work expectations for Northstar Digital Services, Inc.. It supports employee flexibility while protecting company data, systems, customers, and productivity.

2. Scope

- Applies to employees, contractors, interns, and temporary workers approved for remote or hybrid work.
- Applies to work performed from home offices, coworking spaces, hotels, client sites, and other non-company locations.
- Applies to company-owned devices and approved bring-your-own-device exceptions.

3. Eligibility and Approval

Remote work eligibility is based on role requirements, manager approval, performance expectations, legal requirements, and security considerations. Managers may modify or revoke remote work approval when business, compliance, or performance needs require it.

4. Security Requirements

- Use company-approved devices for company work unless a documented exception is approved.
- Use MFA for all corporate systems.
- Connect through approved VPN, zero trust access, or managed access gateway when required.
- Do not store company confidential data on personal devices, personal cloud drives, or removable media.
- Lock screens when away and prevent family members, visitors, or unauthorized persons from viewing company information.
- Report lost or stolen devices immediately to the Service Desk and Information Security.

5. Work Environment Expectations

- Maintain a workspace suitable for confidential conversations and reliable work.
- Use a secure internet connection and avoid untrusted public Wi-Fi unless protected by approved secure access controls.
- Be available during agreed working hours and attend required meetings.
- Follow all timekeeping, overtime, and attendance requirements applicable to the role and location.

6. Equipment and Support

Company equipment remains company property and must be returned upon request or at separation. IT support is available for company-managed devices, standard software, and approved connectivity issues. Employees are responsible for maintaining a safe workspace and reasonable internet reliability.

7. Data Handling

Data Type	Remote Work Requirement
Public	May be used in normal work channels.
Internal	Use approved collaboration tools and access controls.
Confidential	Store only in approved repositories; do not print unless business-approved.
Restricted	Access only from managed devices and approved networks; follow system-specific controls.

8. Policy Violations

Violations may result in removal of remote work privileges, access suspension, disciplinary action, contract termination, or legal action depending on severity.
